Book review: 100 things every designer needs to know about ...

100 Things Every Designer Needs to Know about People is a good introductory book to design and psychology. It covers a range of well known ideas in psychology as they relate to design. That said, I did not like the self promotion in the book.

100 Things Every Designer Needs to Know About People ...

We design to elicit responses from people. We want them to buy something, read more, or take action of some kind. Designing without understanding what makes people act the way they do is like exploring a new city without a map: results will be haphazard, confusing, and inefficient. This book combines real science and research with practical examples to deliver a guide every designer needs.
