here are two types of fuel injection pumps used on 3204 engines. one the fuel line goes in at the front of the injection pump with an o-ring. It times with a timing plate and a bolt into the flywheel. the other one is a big looking pump and has a four bolt cover behind the fuel filter mounted on the injection pump. pull the cover and put the timing pin in the hole that is at a down angle. there is a slot in the cam shaft
