JAMES FLANAGAN (Author of The Big Book Of Cigarette Lighters)

Though cigarette lighters had been around, in one form or another, for some time, it was in 1926 that what we know as the first automatic lighter was born. That year, the Ronson Art Metal Works

...

What are different types of vintage cigarette lighters? With the first cigarette lighters, you scratched on a piece of flint. It would spark and ignite a match. Soon, however, there were three other types of cigarette lighters invented. The spark lighter worked similar to other early lighters. The flint caught gas in the lighter on fire.
