Find the drain filter. It is located at the bottom of the machine under the front panel (put the machine on its side to reach it) or behind the door of the small maintenance hatch. Spread some cloth or put a bucket on the floor – the water left in the machine will pour out. Turn the filter cover to the left and get it out. Clean the filter and wash it under the tap. Install it in place. Note you must not run the washer without the filter.
