If the "Service Engine Soon" light comes on, it means that there is a minor problem with the electronics or the engine of your car. Some manufacturers use them as a check engine light for minor problems. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement. Some manufacturers only have one indicator for both scheduled service and engine problems.

Service Engine Soon Light [How to fix it?] Meaning & Causes

The "service engine soon" warning lights up on your car dashboard to alert you to a problem with your car. You or your mechanic can use a specialized computer scanner or code reader to diagnose the issue. Generally, if the light stays lit for at least several minutes at a time, this means you need to schedule a checkup for your car.

What Does Service Engine Soon Mean? | It Still Runs

The service engine soon light can also be triggered by problems with your most recent fill-up of gasoline. If you got gas in the last couple of days and suddenly the service engine soon light is on, that is a good place to start your investigation. You can begin by asking the service station personnel if there have been additional complaints.

The Service Engine Soon Light - What it is, What it Means

One issue with understanding what the Service Engine Soon light means is that it is often used interchangeably with the Check Engine light. This happens when a vehicle has one or the other indicator light, but not both. For instance, if you have a Nissan, the "Service Engine Soon" and "Check Engine" light mean the same thing.

Service Engine Soon Light - Meaning, Causes and Fix

The Service Engine Soon Light could mean: It is time for scheduled maintenance-the light will illuminate according to the car's mileage and predetermined maintenance schedule. There is a minor problem, such as low oil levels. The Check Engine Light could mean: The fuel cap is loose or off.

What does the Service Engine Soon Light mean? see (service

This light typically displays as the words "SERVICE DUE" or "SERVICE ENGINE SOON," and will either be red or yellow in color. In some cars, it may even show as "Service X " or "Service Y " (where X and Y represent specific items in need of service). A good example of this would be the Mercedes-Benz service reminders.

Check Engine Light vs. Service Engine Soon Light - Autoscope

The Check Engine light or Service Engine soon light is one of the most misunderstood warning lights on a vehicle dashboard. It could come on from something as simple as a loose or cracked gas cap to a more complex issue, like a problem with the catalytic converter. Despite what some websites will tell you, it's not always as simple as going to your local parts store and having them check the code from your vehicle's onboard diagnostic system.

Common Reasons the Check Engine Light Comes On and What to Do

Your Lincoln Town Car's service engine soon light is there to let you know that some sort of problem has been detected with the vehicle. Any vehicles made in 1996 or newer use OBDII codes, which can easily be retrieved from a good code scanner. A flashing service engine soon light is telling you that something needs immediate attention.

Lincoln Town Car: Service Engine Soon Light - Diagnosis

The service engine soon light can come on for minor issues like a loose gas cap, or for more major problems such as possible engine failure. Your Service Engine Soon Light Should Not Cause You to Panic. The light does say service engine soon, but you may not necessarily have to make any major repairs soon. One thing you can do right away is make sure all of your fluids are topped-off. This includes your engine oil, brake fluid, windshield wiper fluid as well as transmission fluid.
