Deutz Engine Specification Sheets | Diesel Parts Direct

The Deutz gas engine factory has been manufacturing diesel engines since 1897. Its basis is a licence agreement with the Augsburg engineering factory (now called MAN) and Krupp. However, from 1898 onwards, the factory starts developing its own diesel engines.

DEUTZ AG: Milestones

Magirus GmbH is a truck manufacturer based in Ulm, Germany, founded by Conrad Dietrich Magirus. It was formerly known as Klöckner Humboldt Deutz AG, maker of the Deutz engines, so the brand commonly used was Magirus Deutz, and for a short time Klöckner. Most trucks from Magirus were also known as Magirus-Deutz. The logo of Magirus Deutz was a stylised M with a sharp, long centre point to represent the spire of Ulm Minster. Magirus is one of the largest manufacturers of fire fighting ...

DEUTZ offers efficient, flexible and compact engine systems producing up to 620 kW up to the current EU emission Stage V / U.S. EPA Tier 4. Our extensively tested motors are designed with advanced exhaust after-treatment solutions and marketed under our "Stage V certified" seal. Advanced technologies, extensive experience and a broad product portfolio make DEUTZ engines ideal for use in many areas including construction and agricultural machinery, material handling, stationary plants as ...

DEUTZ UK: Products

DEUTZ engine oils are used on the test benches for the development of DEUTZ engines - there can be no better guarantee that these lubricants are a perfect fit for your engine! The use of DEUTZ engine oils is essential for reducing wear and increasing the engine's reliability. That is why we recommend the use of DEUTZ oils for all DEUTZ engines. The DEUTZ Oil product portfolio exceeds all requirements (ACEA and API) - this way we can offer the optimal choice for each application:
