An Anthropologist on Mars is an engaging collection of seven neurological case studies

Read Free An Anthropologist On Mars

Seven Paradoxical Tales that illustrate a supposed paradox - that what is perceived as disability or neurological deficit can result in amazing adaptations that make it a kind of gift. For example, a painter sustains a brain injury that makes him unable to see colour, and after a period of initial depression and disorientation, begins to appreciate his new way of seeing, and to reproduce it in black and white art.

An Anthropologist on Mars: Seven Paradoxical Tales by ...

As with his previous bestseller, *The Man Who Mistook His Wife for a Hat*, in *An Anthropologist on Mars* Oliver Sacks uses case studies to illustrate the myriad ways in which neurological conditions can affect our sense of self, our experience of the world, and how we relate to those around us. Writing with his trademark blend of scientific rigour and human compassion, he
