The development of a new standard is typically triggered by a formal request, submitted to an SDO by a managing body (individual or entity, such as an industry society) for review and evaluation. The SDO mandates, oversees, and helps facilitate the process for standards development.

~~IEEE SA – How Are Standards Made?~~

The voting process is the key to consensus. If that 's achieved then the draft is on its way to becoming an ISO standard. If agreement isn ' t reached then the draft will be modified further, and voted on again. From first proposal to final publication, developing a standard usually takes about 3 years.
