Commercial Series Engines

Yeah, just went thru that with a GX340 engine on my pressure washer - the thing acted like a fuel problem. It would start and run OK at idle, but under load it would run maybe 15-20 seconds and die - if I was quick enough, choking it would SOMETIMES keep it from dying. Checked the in-tank fuel filter, looked NEW. Pulled float bowl, flushed out everything with the nastiest carb cleaner I could ...
