Race in the 21st Century: Ethnographic Approaches, Second Edition, John Hartigan, Jr., takes an anthropological look at such questions by introducing students to the study of race through qualitative methods. In the first text to take an explicitly ethnographic approach, Hartigan summarizes and explains the current state of social science knowledge on race in the U.S., motivating students to think through essential questions about race in relation to their own lives.

New race, new players Although NASA is likely to be involved in some way, the 21 st century space race is shaping up to be very different from the one that captivated audiences in the 1960s. In theory, any private company with enough financial backing could attempt the first manned mission to Mars and that comes with a number of risks.

One America in the 21st Century: The President's Initiative on Race, or the One America Initiative, was established by U.S. President Bill Clinton in 1997 with Executive Order 13050. The main thrust of the effort was convening and encouraging community dialogue throughout the country. The Advisory Board's principal legacy was the collection and publication of "best practices" for racial reconciliation and dialogue guidelines designed to help communities discuss how to address racial and ethnic d

The definition of race in America today sparks many different debates. And the way that people identify themselves can lead to a more accurate classification of race in America. From the foundation of the nation in the eighteenth century and the creation of the Constitution, race has played a role in shaping the country, as well as developing it. Last Wednesday, the Center for American Progress held an in-depth discussion titled, The Meaning of Race in a 21st Century America.

Beginning in 2000, the U.S. Census Bureau began allowing for individuals to self-identify as more than one race on its survey forms. The 2010 Census recorded some 9 million people of mixed-race status (2.9% of the population overall), and more than 700,000 persons identified with three or four different races. (The more recent Pew survey, then ...
