Strategy needs to evolve. You never actually win anymore, but are always questing, gaining new skills and resources along the way and continually seeking the next challenge.

~~The Evolution Of Strategy – Forbes~~

This chapter describes the evolution of business strategy. It begins with the 1960s perspective in which strategy was largely equated with corporate planning; the 1970s see an emphasis on diversification and portfolio planning. The 1980s and 1990s are characterized by a focus on core competencies and the development of less analytic, more people oriented approaches to management.
