Locally, the pursuit of zero waste means a commitment to Reduce, Reuse, Recycle and Compost as much as possible and limit the amount of material disposed of through incineration and landfilling. The Road to Zero Waste is the name for the initiative undertaken by Teton County Integrated Solid Waste and Recycling (ISWR) to provide and coordinate strategies to waste less.

On the Road to Zero Waste: Successes and Lessons from Around the World. Zero waste is both a goal and a plan of action. The goal is to ensure resource recovery and protect scarce natural resources by ending waste disposal in incinerators, dumps, and landfills. The plan encompasses waste reduction, composting, recycling and reuse, changes in consumption habits, and industrial redesign.

The Path to Zero: Key Metrics for COVID Suppression ...

A zero landfill initiative has a single, finite goal: to divert 100 percent of industrial materials from local landfills. A zero landfill initiative may consider recycling a satisfactory solution for non-product outputs and stop there without exploring options that are higher on the waste solutions hierarchy. The zero-waste target is to reuse ...

Strategies on the Road to Zero Waste: Teton County ...

What Does Zero Waste To landfill Status Mean? It sounds impossible, but zero landfill is just that: zero waste goes to a landfill or incinerator. Technically, the Zero Waste International Alliance (ZWIA) guideline is that a business must reduce their waste's impact to landfills, incinerators and the environment by 90% or more. Meaning, as much as 10% of their waste may still be disposed of by traditional means.
