Amazon.com: The Structural Transformation of the Public Sphere ...

The Structural Transformation of the Public Sphere is a historical-sociological account of the emergence, transformation, and disintegration of the bourgeois public sphere. It combines materials and methods from sociology and economics, law and political science, and social and cultural history in an effort to grasp the preconditions,

Structural Transformation of the Public Sphere  
restructured my understanding and appreciation of Habermas. Everything I had read before by Habermas seemed to rest on a marginal utility of politics: politics is only as valuable as the last person to enter the political dialog. Trouble with this is it creates chaos where a true orderly dialog is ...

the Public Sphere is to track how notions of the private and the public change over time in Western nations. In the 1800s, the bourgeois public sphere was actually a part of the private realm, because the public sphere was made up of private individuals communicating with one another about art and politics.
