Home - Valterra.com

The SewerSolution Macerator System # SS01 can be connected to a garden hose however it isn't the recommended solution to go longer than 25 feet. Garden hoses aren't usually smooth on the inside and that's not ideal for draining. Valterra recommends using PVC pipe when you need to run the line longer than 25 feet.

---

SewerSolution Macerator System for RV Waste Tanks ...

A 10' extension is available with part number 278-SS02, a 15' extension is available with part number SS15, and finally a 25' extension is available with part number SS25. This sewer solution uses a high-velocity jet to pulverize your waste. It features a 3/4" non-kinking hose. The jet is powerful enough to where you can even run the hose uphill.
